### AFFIRMATIVE STATEMENT

As a utilization management organization, Physicians DataTrust on behalf of Citrus Valley Physicians Group, Greater Tri Cities IPA, Noble AMA IPA, St. Vincent IPA, and XiMed IPA, ensures that all decisions are made based on the available medical information at the time of the request. Should a member ask to see the criteria utilized to make a medical decision; the statement below is attached to that guideline, as required by the National Committee for Quality Assurance (NCQA):

*Decisions regarding requests for medical care are based on the medical necessity of the request, the appropriateness of care and service and existence of coverage. There is no monetary reward for non-approval of services. Compensation for individuals who provide utilization review services does not contain incentives, direct or indirect, for these individuals to make inappropriate review decisions.*

*Utilization review criteria, based on reasonable medical evidence and acceptable medical standards of practice (i.e. MCG and/or applicable health plan guidelines) are used to make decisions pertaining to the utilization of services. Review Criteria are used in conjunction with the application of professional medical judgment, which considers the needs of the individual patient and characteristics of the local delivery system.*
