Your Healthcare. Your Community. Your Choice.

Choosing a Medicare plan starts with choosing the right healthcare network. Greater Tri-Cities IPA (GTCIPA) connects North County residents with independent primary care physicians, specialists and convenient local healthcare resources. Our goal is to help you find personal, coordinated care close to home.

- 45+ independent primary care physicians
- 170+ specialists throughout our network
- Local hospitals, urgent care and imaging services
- Multilingual physician options
- Personalized care close to home

Is Your Medicare Health Plan Accepted?

Before selecting a Medicare Advantage plan, confirm that your preferred primary care physician and Greater Tri-Cities IPA are included in that specific plan's network. Participating insurance companies may offer different plans with different provider networks.

AWARDS

Need Help Choosing Your Healthcare Network?

We're here to help you understand your local healthcare options. Contact GTCIPA to ask about participating primary care physicians, network information, and available patient resources. For help comparing Medicare plans, speak with a licensed insurance broker.
